Owned &  
Operated

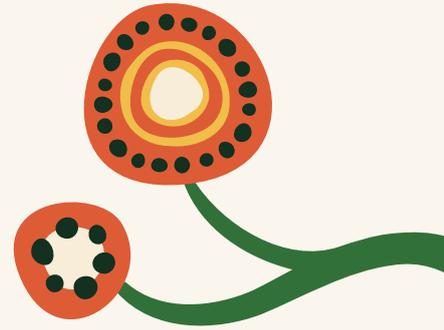

**"Boorn Wirin - Tree Spirit is a specialist service committed to protecting and preserving trees while honouring my Aboriginal cultural heritage"**

**Lindsay Lester | Owner**

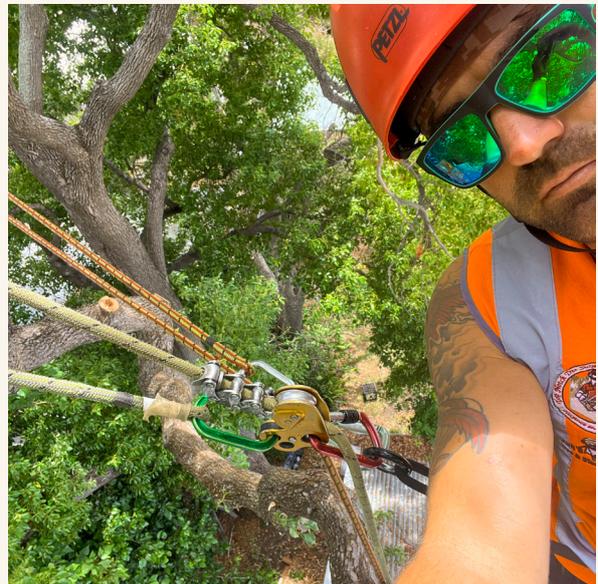

# Welcome to Top Notch Tree Surgeons

Incorporating Boorn Wirin - Tree Spirit

As members of the ArbWest association, we promote professional and ethical tree care. Our certified arborists trim and remove all tree sizes and types, including large palms and tall gum trees. We prioritise safety, ensuring minimal risk to property or people.

Serving Perth and surrounding areas, our fully insured team is prompt, friendly and reliable.

## Driven by Purpose

To learn more about Boorn Wirin, our specialised Aboriginal Cultural Advisory service, see page 6 of this document.

*In local Noongar language, 'Boorn Wirin' means 'Tree Spirit'.*

## A cut above the rest

### Precision Tree Services

Our approach keeps your property safe and looking its best.

### Customer Satisfaction

From emergency tree removals to regular maintenance.

### Committed to Excellence

Safe, efficient and reliable services at very competitive rates.

### Jobs Big and Small

Trusted by homeowners, and large Government tenders too.

# Our Key Services

## Tree Pruning

---

Also referred to as tree trimming, or lopping, we prune trees for many reasons, including better appearance, hazard reduction, and improving tree health.

## Stump Removal

---

Our stump grinder will leave the finished height just below ground level making the area look clean and tidy, plus removing trip hazards.

## Tree Removal

---

We can completely remove and dispose of whole trees, including the trunk, branches and all vegetation of even the tallest tree.

## Woodchip Mulch

---

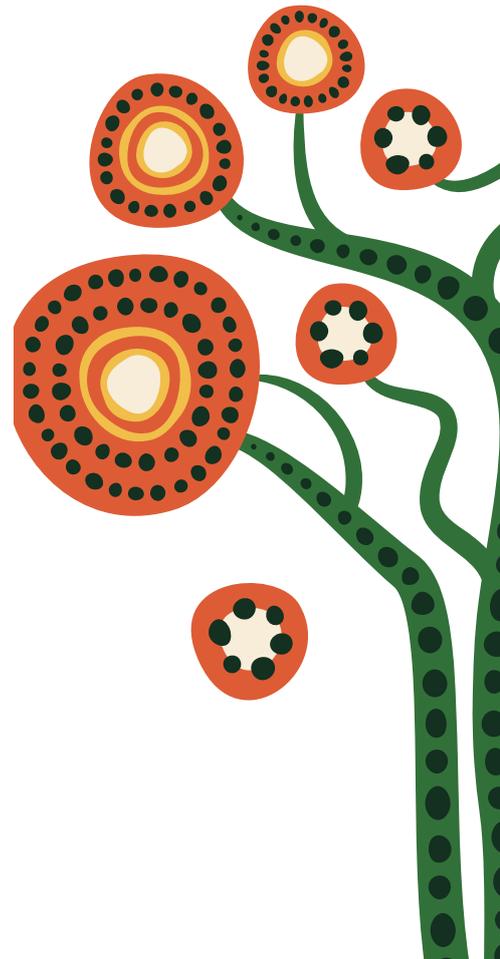

Sustainably recycle tree waste into nutrient-rich woodchip mulch for your garden or opt for professional debris removal.

## Storm Damage

---

We respond swiftly ensuring your property is safe. We work with insurance providers to assess the area and provide make-safe solutions.

# Our Key Services

## Arborist Reports

We provide expert tree health and safety evaluations tailored for residential, commercial, and council needs.

## Land Clearing

For many reasons, including reducing fire risk, safety reasons, maintaining roads and pathways, or prepping for new construction.

## Tree Surgery

Professional tree care services, including precise pruning, shaping, and removal to enhance tree health and mitigate hazards.

## Civil & Civic Works

Specialised vegetation management, including powerline pruning and ensuring roads, pathways, and community infrastructure is safe.

## Cultural Consultancy

Proudly Aboriginal-owned, we honour sacred knowledge, cultural heritage, and environmental rehabilitation through meaningful action and advocacy.

# About Boorn Wirin-Tree Spirit

## Elevating cultural values

Created by Top Notch Tree Surgeons' founder Lindsay Lester, the Boorn Wirin tree service integrates cultural heritage with sustainable arboriculture. The broader mission is to plant or protect 10 times the number of trees removed, focusing on environmental rehabilitation and cultural preservation.

A proud Palawa man with enduring family connections to WA, Lindsay's vision for Boorn Wirin extends beyond tree care—it's also about raising awareness of significant trees and fostering respect for sacred knowledge.

*“We’re for working with traditional owners to protect scar trees, birthing trees, healing trees and other culturally significant trees that act as historical signposts”*

**Lindsay Lester**

---

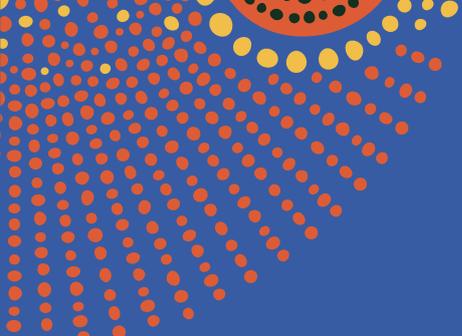

Proudly 100%  
Aboriginal Owned  
& Operated

*“Specialising in environmentally sustainable vegetation management, we offer innovative, culturally led solutions tailored for private industry and government agencies”*

**Lindsay Lester** | Owner Operator

# WA's leading Aboriginal Arborist

## Elevating cultural values

Collaborating with local elders, traditional owners, and government agencies, Boorn Wirin ensures that cultural and environmental values are preserved for future generations. Supporting research into bush tucker, traditional medicine, and environmental

initiatives, we honour the connection between land, culture, and community. Our aim is to ensure sacred sites are preserved and that the wisdom of traditional caretakers is upheld.

## An expert support team, ready when you need us

When required, we rapidly deploy a skilled team of Climbers, Arborists, and Team Leaders. We also have a diverse pool of Ground-Based Labourers, Machine Operators, Climbing Technicians, and Admin staff available to meet project demands.

This means our core team can quickly scale to over 20 specialists, all trained to our strict safety standards. Every team member is regularly vetted for qualifications, especially in rope access and high-risk activities.

We are also deeply committed to inclusivity and diversity, creating training and employment opportunities for Aboriginal people. By fostering a supportive work environment and investing in skill development, we help individuals build lasting careers in the industry.

We acknowledge the Traditional Custodians of the Country, the Aboriginal people of the many lands that we work on and their language groups throughout Western Australia and recognise their continuing connection to the land and water. We respect their continuing culture and the contribution they make to the life of our regions and we pay our respects to their Elders past, present and emerging.
